GAWLER TRAIN

From September 18th and for approximately the next 7 months the Gawler Train line from Mawson Lakes to Gawler will be closed for line upgrade in preparation for electrification. During this closure buses will replace the train and apart from a slightly slower trip there will be little difference in service. The bus at Tambelin will stop very close to the Tambelin Station and students will either be able to walk as normal or catch the new bus service around Gawler from the same stop.

Students who use the train should check notices at the station where they normally get on the train as to where the bus service will be located as some stations will also be upgraded during the line upgrade.

Please visit this website for more information.
