Foundation Scholarships enable us to provide additional funding to enhance learning opportunities for all. In 2010 Matthew Arnold (Year 12) was the recipient of a Foundation General Excellence Scholarship and we were pleased to hear of his perfect ATAR results of five 20s on completion of the 2010 SACE, one of only seven students in the State to achieve this.

The Foundation prides itself on supporting such hard work and for sixteen years have provided for numerous scholars and award winners. We can see very clearly how scholarships not only help talented individuals achieve their potential but also the organisations and communities they serve. Team BaCoN, a 2011 Foundation Group Award winner is working with the Asthma Foundation to ensure it's invention, the Asthma Spacer, becomes a reality. In the future this device will save lives. For these reasons we invite you to support the Foundation as we continue to support excellence and the good work of Trinity College.
