Our five schools: Trinity College Senior; North; Blakeview; South; and Gawler River, as well as our Montessori Pre-School, feature state-of-the-art facilities, modern classrooms and landscaped grounds.

The College offers an extensive academic, experiential, co-curricular and sporting experience in a caring Christian environment. It boasts STARplex, a sports and recreation complex with indoor pools, a café, four courts, a state-of-the-art gymnasium, a 2000 seat auditorium and four commercial tenancies.

The ESOS Framework

The ESOS Framework – providing quality education and protecting your rights

The Australian government wants overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and include the Education Services for Overseas (ESOS) Act 2000, Education Services for Overseas (ESOS) Regulations 2001 and the National Code. For information about the ESOS Framework visit <https://internationaleducation.gov.au/regulatory-information/pages/regulatoryinformation.aspx>

The ESOS framework protects your rights

Including:

- Your right to receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from Trinity College. To ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.
- Your right to sign a written agreement with Trinity College before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.

The **Tuition Protection Service** (TPS) is a placement and refund service for international students, which is activated in the event your provider is unable to teach your course. In the event of a default, either by the provider or by the student, there is a legal obligation to report the default to the Australian Government and to report any refunds owing, and paid, within prescribed timelines. Visit the TPS website for more information www.tps.gov.au

The **National Code** sets out the standards Australian providers offering education and training services to overseas students must meet. These standards cover a range of information you have the right to know and services that must be offered to you, including:

- Orientation and how to access Trinity College's student support services to help you study and adjust to life in Australia.
- Who the contact officer or officers are for international students at Trinity College.
- If you can apply for course credit.
- When your enrolment can be deferred, suspended or cancelled.

- What Trinity College's requirements are for satisfactory course progress in the courses you study and what support is available if you are not progressing well.
- If attendance will be monitored for your courses.
- How to use the Trinity College complaints and appeals process.

Students under the age of 18 are unable to arrive in Australia prior to the commencement of the Welfare Period unless accompanied by a parent/guardian who will provide care until the Trinity College welfare arrangements begin.

Payment of Fees

The current Tuition and Non-Tuition Fees are detailed in the Schedule of International Fees & Charges which can be found on our website at <https://www.trinity.sa.edu.au/contact/enrolments/international-students>.

Welfare and Accommodation

Students under the age of 18 are required to maintain adequate welfare and accommodation requirements as a condition of their student visa.

Where a student under the age of 18 is not in the care of a parent or suitable relative, as defined by the Department of Home Affairs, their accommodation arrangements must be approved by Trinity College.

If the student is in the care of a parent or suitable relative holding a student guardian visa (subclass 590), the parent or suitable relative cannot leave Australia without the student, unless that person provides the department with evidence that there are compassionate or compelling circumstances for leaving the country, alternative arrangements for the student's accommodation, general welfare and support have been made until their return, and those arrangements have been approved by Trinity College.

It is a condition of the student visa that the school must be notified within 7 days, in writing, of any change of address. The school also asks its international students to complete a declaration every six months providing the latest contact information for themselves and their parents and/or legal guardians and their homestay hosts where applicable.

For the full [Accommodation and Welfare Policy](#), refer to the Terms and Conditions of Enrolment.

Homestay

Trinity College offers boarding through Homestay. Living with a supportive homestay family will help you in your studies and enrich your South Australian experience.

As part of their accreditation, the family is interviewed in their home to better understand their interests and lifestyle. Each family member over the age of 14 years of age undergoes a Working with Children Check to ensure the safety of the environment.

We aim to find the best match between homestay family and student so that everyone benefits from the experience. When matching you to a suitable homestay family, we will take into account your individual preferences.

Your homestay family will provide you with:

- a furnished bedroom;
- daily meals (breakfast, lunch and dinner);
- use of shared household facilities;
- help in getting to and from school when you first arrive;

Trinity College Accommodation and Welfare Policy

Trinity College approves the following accommodation and care options for overseas students:

1. The student will live with a parent or relative approved by the Department of Home Affairs.

In this case:

- The School does **not** provide a welfare letter (CAAW) via PRISMS. The student's family provides proof of relationship to Department of Home Affairs for the purposes of visa application.
- If the adult responsible for the welfare, accommodation and other support arrangements for a student under 18 years holds a [Student Guardian visa \(subclass 590\)](#), all obligations and conditions of this visa must be met, including:
 - not leaving Australia without the nominating student unless the School has first approved alternative welfare and accommodation arrangements for the student for the adult's period of absence; and
 - advising the Department of Home Affairs of any change of address, passport or other changes of circumstances.

2. The student will live in school approved accommodation and care arrangements and the School will generate the welfare letter (CAAW) via PRISMS to accompany the student's Confirmation of Enrolment (CoE).

In this case:

- Any accommodation, welfare and other support arrangements for the student must be approved by the School, including arrangements provided by third parties;
- Any changes to approved arrangements must also be approved by the School. **This includes any requests by students under 18 years of age to attend "Schoolies Week" on completion of Year 12;**
- If a student for whom the School has issued a CAAW refuses to maintain approved arrangements, the School will report this to the Department of Home Affairs and advise the student to contact the Department of Home Affairs to ensure visa implications are understood. *See Department of Home Affairs office addresses at:* <https://www.homeaffairs.gov.au/about/contact/offices-locations> .

School approved accommodation options for full fee paying 500 visa subclass students under 18 years of age include:

- Homestay Programme operated by Trinity College;
- Private accommodation and care arrangements approved by the School which meet all requirements under relevant state and commonwealth legislation.

3. For School vacation periods, the following accommodation options are available to full fee paying 500 visa subclass students under 18 years of age for whom the School has issued a CAAW:

- Continuous dates for approved welfare arrangements;
- Documented procedures for checking suitability of accommodation, support and general welfare arrangements:
 - Guidelines for selecting family and ensuring the family can provide a stable environment for the duration of the student's enrolment at the school;
 - Orientation program for families new to provision of homestay services;
- Screening and background checks for adults, other than overseas students, living in the homestay.

STUDENT GUARDIAN VISAS

Trinity College requires holders of Student Guardian Visas to:

- i. maintain Overseas Visitor Health Cover for themselves and any dependent children living with them in Australia;
- ii. immediately advise the School of any change to address or contact details;
- iii. immediately advise the School if there are any compassionate or compelling reasons to travel overseas or not be at home for an extended period of time to care for the student.

If there is a valid reason for travelling overseas, and the School is able to approve alternative accommodation and care arrangements for the student for the period of the student guardian visa holder's absence, the School will provide documentation approving temporary care arrangements for the student for the Department of Home Affairs.

If there is not a valid reason for travelling overseas, or if the School is not able to approve alternative accommodation and care arrangements for the student for the period of the student guardian visa holder's absence, the student will need to travel overseas with the holder of the student guardian visa. In this case, the School will advise if compulsory attendance requirements will or will not be affected by the student's absence.

Student Behaviour/Code of Conduct

Through consultation with parents, students and staff, Trinity College has developed clear policies and procedures to guide students' behaviour. The aim of these policies is for students to take responsibility for their own behaviour and the consequences of their actions, the goal of which is to create a safe, success-oriented school environment, populated by happy and resilient students.

Positive Behaviour Management is based on the following principles:

1. Definitions of responsible behaviour must be developed;
2. The school must recognise that students have different levels of ability to learn and to co-operate with other people, as well as different understandings of what is responsible behaviour;
3. Individuals must accept responsibility for their own behavior, both in the classroom and in the schoolyard;
4. Behaviour occurs as a result of choices, conscious or unconscious, which are based on the student's perception of the best way to satisfy a particular need;
5. All behaviour has consequences, which affect future opportunities;
6. Irresponsible behaviour requires a response which protects the rights of students who want to learn, supports the rights of teachers to teach and offers the student involved a chance to learn how to make a more responsible choice in the future;
7. A partnership between staff, students and their families is necessary for successfully developing responsible behaviour;
8. The school must provide a curriculum appropriate to student needs.

The Outcomes:

- Successful teaching and learning occurs through responsible behaviour;
- The school environment is safe and caring;
- Students and staff are self-disciplined and have the opportunity to fulfil their potential;
- People in our community respect each other.

Our Code of Conduct that Underpins our Policy:

- Communication – speak and listen to each other positively and politely;
- Co-operation – co-operation with other members of the school community;
- Caring – protect your own and others' safety and health and maintain a tidy environment;
- Courtesy – acknowledge, respect and tolerate each other's differences and views;
- Consequences – be aware that all behaviour has consequences;
- Challenge – strive to achieve personal best in learning.

Where instances of inappropriate behaviour that break our code occur in the classroom, building and yard areas (within our school environment), a variety of strategies will be applied as a consequence to help modify the behaviour.

Consequences for Inappropriate Behaviour

Depending on the severity of the breach, the possible consequences are divided into three categories:

1. Level 1 - Low level strategies (to be applied at the time, between staff and student concerned).

Inappropriate behaviours at this level are those that occur in the classroom and disrupt teaching and learning **OR** in the yard and impacting on others' safety and well-being. Examples of responses may include:

- talk to/with individual student, explain behaviour, request change or caution the student;
- keep back for five minutes at start of recess/lunch;
- ring parent to discuss behaviour/concern for students' learning or write a note in the diary/planner;
- inform tutor/Head of House.

2. Level 2 - Medium level consequences (to be applied in collaboration with Year Level Coordinators).

Inappropriate behaviours at this level are those that continue to disrupt the classroom or the yard
OR incidents that involve serious issues of safety and student welfare. Examples of responses may include:

- yard duty detentions;
- Level 2 detention after consultation with tutor;
- use pre-arranged class swap/sit-out procedures.

3. Level 3 - Extreme level consequences.

Inappropriate behaviours at this level are those that persistently disrupt the teaching and learning environment, including violent or illegal behaviour and severe forms of harassment. Disruptive, antisocial and disobedient behaviour on camps and excursions is also an example.

This could be defined as student behaviour that seriously threatens the safety or good order of the classroom, yard, camp, excursion, student car park or at VET courses
OR

Where a student remains disruptive after the application of a series of Medium level consequences.

Examples of responses may include:

- Level 3 detention (1 hour after school);
- Internal suspension (Heads of Pastoral Care and above);
- External suspension (Principal);
- Exclusions from school (Principal);
- Referral to police when illegal behaviour is involved (Principal);
- Paying for damage to property or replacement due to theft (Principal).

Detention System (Medium to extreme level consequences)

Detentions are a necessary part of our management of student behaviour and are used for breaches of school rules. LEVEL 2 detentions occur during lunch time, 1 pm - 1:30 pm, and LEVEL 3 detentions occur from 3:15pm - 4:30 pm on Fridays (alternative times will be arranged for students who attend TAFE or work-placement on these days). Students report on time to the School Office. Once a detention is given, it will not be changed unless there is agreement between the teacher and the student concerned. Negotiations may occur with parents and students regarding a change of date. These must be done well before the detention is to occur.

Parents will be informed of Level 2 and Level 3 detentions by email or a telephone call.

Failure to attend a given detention without an acceptable reason will result in the student being given a higher level detention.

Failure to attend any additional or further detention will be seen as a major breach of discipline policy and may result in suspension. Simply forgetting to attend detention is not an acceptable excuse.

As a general rule three LEVEL 3 offences will result in termination of enrolment.

- b) The course progress of all students will be assessed at the end of each study period (semester) of enrolment.
- c) Students who have begun part way through a semester will be assessed after one full study period.
- d) To demonstrate satisfactory course progress, students will need to achieve a minimum C grade in all subjects in any study period.
- e) If a student does not achieve competency in at least 50% of units studied in a study period the International Student Co-ordinator will formally contact the parent(s) to advise there will be a meeting with the student to develop an intervention strategy for academic improvement. This may include:
 - i. *After hours tutorial support;*
 - ii. *Subject tutorial support in class time;*
 - iii. *Mentoring;*
 - iv. *Additional ESL support;*
 - v. *Change of subject selection, or reducing course load (without affecting course duration);*
 - vi. *Counselling – time management;*
 - vii. *Counselling – academic skills;*
 - viii. *Counselling – personal;*
 - ix. *other intervention strategies as deemed necessary.*
- f) A copy of the student's individual strategy and progress reports in achieving improvement will be forwarded to parents.
- g) The student's individual strategy for academic improvement will be monitored over the following study period by the International Student Co-ordinator and records of student response to the strategy will be kept.
- h) If the student does not improve sufficiently, academically, and achieve satisfactory course progress by the end of the next study period, the College will advise the student, in writing, of its intention to report the student for breach of visa condition 8202, and that he/she has 20 working days in which to access the school's internal complaints and appeals process. Following the outcome of the internal process, if the student wishes to complain or lodge an external appeal about a decision made or action taken by Trinity College, he/she may contact the Overseas Student Ombudsman at no cost. This must be done within 14 working days. Please see Trinity College's Complaints and Appeals Policy for further details.
- i) The school will notify the National ESOS Authority, via PRISMS, of the student not achieving satisfactory course progress as soon as practicable where:
 - i. the student does not access the complaints and appeals process within 20 days; or
 - ii. withdraws from the complaints and appeals process; or
 - iii. the complaints and appeals process results in favour of the school.

2. Completion within expected duration of study

- a) As noted in 1.a), the school will monitor, record and assess the course progress of each student for the course in which the student is currently enrolled.
- b) Part of the assessment of course progress at the end of each semester will include an assessment of whether the student's progress is such that they are expected to complete their course within the expected duration of the course.
- c) The school will only extend the duration of the student's study where it is clear the student will not be able to complete their course by the expected date because:
 - i. of compassionate or compelling circumstances (see Definitions below);
 - ii. of student participation in an intervention strategy as outlined in 1.e);
 - iii. an approved deferment or suspension of study has been granted in accordance with Trinity College's Deferment, Suspension and Cancellation Policy.
- d) Where the school decides to extend the duration of the student's study, the school will report this change via PRISMS within 14 days and/or issue a new COE if required.

3. Monitoring Course attendance

- a) Satisfactory course attendance is attendance of 80% of scheduled course contact hours.
- b) Student attendance is:
 - i. checked and recorded daily;
 - ii. assessed regularly;
 - iii. recorded and calculated over each study period.
- c) **Late arrival at school will be recorded and will be included in attendance calculations.**
- d) All absences from school will be included in absentee calculations and should be accompanied by a medical certificate, an explanatory communication from the student's carer or evidence that leave has been approved by the Principal.
- e) Any absences longer than 5 consecutive days without approval will be investigated.
- f) Student attendance will be monitored by the International Student Co-ordinator every 10 weeks over a study period to assess student attendance using the following method:
 - i. Calculating the number of hours the student would have to be absent to fall below the attendance threshold for a study period e.g. number of study days x contact hours x 20%. [For example, a 20 week study period with 5 contact hours a day would equal 500 contact hours. 20% of this is 100 hours.];
 - ii. Any period of exclusion from class will be included in student attendance calculations. [See [Deferment, Suspension and Cancellation Policy](#) points 5 and 6.]
- g) Parents of students at risk of breaching Trinity College's attendance requirements will be contacted by email and students will be counselled and offered any necessary support when they have absences totalling 85% of any study period.
- h) If the calculation at 3.f) indicates that the student has passed the attendance threshold for the study period, Trinity College will advise the student of its intention to report the student for breach of visa condition 8202, and that he/she has 20 working days in which to access the school's internal complaints and appeals process *except in the circumstances outlined in 3.j.*

- i) The school will notify the National ESOS Authority via PRISMS of the student not achieving satisfactory course attendance as soon as practicable where:
 - i. the student does not access the complaints and appeals process within 20 days;
 - ii. the student withdraws from the complaints and appeals process;
 - iii. the complaints and appeals process results in a decision in favour of the school.
- j) Students will not be reported for failing to meet the 80% attendance threshold for a study period where:
 - i. the student produces documentary evidence clearly demonstrating compassionate or compelling circumstances, e.g. medical illness supported by a medical certificate or as per Definition below; and
 - ii. the student's attendance has not fallen below 70% for the study period.
- k) The method for calculating 70% attendance is the same as that outlined in 3.f) with the following change: number of study days x contact hours x 30%.
- l) If a student is assessed as having nearly reached the threshold of 70% attendance for a study period, the Principal will assess whether a suspension of studies is in the interests of the student as per Trinity College's Deferment, Suspension and Cancellation Policy.
- m) If the student does not obtain a suspension of studies under the College's Deferment, Suspension and Cancellation Policy, and falls below the 70% threshold for attendance for the study period, the process for reporting the student for unsatisfactory attendance (breach of visa condition 8202) will occur as outlined in 3.h) – 3.i).

4. Definitions

- a) *Compassionate or compelling circumstances* - circumstances beyond the control of the student that are having an impact on the student's progress through a course. These could include:
 - i. serious illness, where a medical certificate states that the student was unable to attend classes;

 - v. where the school was unable to offer a pre-requisite unit;
 - vi. inability to begin studying on the course commencement date due to delay in receiving a student visa.

For other circumstances to be considered as compassionate or compelling, evidence would need to be provided to show that these were having an impact on the student's progress through a course.
- b) *Expected duration* – the length of time it takes to complete the course studying full-time. This is the same as the registered course duration on CRICOS.
- c) *School day* – any day for which the school has scheduled course contact hours.
- d) *Study period* – a discrete period of study within a course which cannot exceed 24 weeks. Trinity College defines a "study period" for the purposes of monitoring course attendance and progress as a *Semester*.
